

ATLANTIC OFFICE MACHINES, Inc.

Sales - Service - Solutions

Atlantic Office Machines has been involved in the copier business in Hampton Roads for 30 years. Our loyal customers keep coming back because we go to great lengths to make sure our customers feel like they are dealing with us as people and not a faceless business.

We represent Kyocera* and Copystar MFP brands but our customers think of us as "valuable service term". Most of our clients know us by our first names: Frank, Arnold, Al, Julie, and Lori. We believe in personalized customer service. When customers call us during normal office hours, they get a live person and not a machine.
